Fun Ways to Customize Your Lunch

1. The Drinks

If you and your girls typically bond over a bottle of merlot, hold a mini wine tasting and offer a sampling of varietals.

2. The Locale

Take outdoorsy 'maids on a picnic. Pack the food and head to a nearby park or hiking trail.

3. The Activity

If cooking is the hobby you and your girls share, team up to prepare a few favorite recipes together.

4. The Theme

Pamper your pals with a spa party: Organic eats, scented candles and soothing tunes set the tone; a manicure/pedicure makes the perfect gift.

5. The Dessert

If your 'maids have a sweet tooth, save the best for last and end your party with a treat like this tower of cupcakes.
